Thessaloniki, Greece

[George Xenofontos](#)

Summary

I am a fourth-year undergraduate student at the International Hellenic University with a strong desire to learn new things in the Technology department. I organize everything with different technology tools, and my goal is to learn as much as I can in technology to help the world move forward.

Education

2019-present

BSC, INFORMATION AND ELECTRONIC SYSTEMS ENGINEERING

International Hellenic University

Soft skills

- Communication
- Time management
- Conceptual Thinking
- Critical thinking
- Organized
- Team player

Experience

03-07/2022

AIESEC in UoM Thessalonikis

EWA TEAM MEMBER

Part of EwA (Engage with AIESEC) phase are all the activities and programs that aim to engage young people with the organization and with the concept of leadership development through impact projects and events.

My responsibility is to find speakers, host, and venue for the event. Also, organize all this together before the deadline. I learned how to do time management, and be self-driven person with responsibilities.

08/2022 - present

AIESEC in Greece, Main Committee

EWA EDUCATION SPECIALIST

I am in a position where I cooperate with Main Committee Vice President of EwA for all the EwA commission. I deliver trainings, sessions, and workshops to all the commission, to develop the section of EwA as far we can.

07-09/2022

KIOS Research and Innovation Center of Excellence

PROJECT SCIENTIST IN SOFTWARE ENGINEERING

Worked as a project scientist, a role which needs to work as a self-driven person, trust yourself and manage huge knowledge. My skills in this position are extended in time management, taking risks, following instructions, and professional acting.

Projects

◆ PLANT AUTO-WATERING SYSTEM

◆ DIABETES PREDICTION USING MACHINE LEARNING WITH PYTHON
